Dear Columban Alumni in the US,

It gives me immense pleasure in appreciating the formation of the US Columban Alumni Fund (USCAF). I, along with our staff and students are most gratified to know that our school's alumni in the US are co-ordinating this effort to give back to the school, which we like to think was instrumental in your formation and for who you have become today.

While St. Columba's has evolved significantly over the past several decades, our commitment to education and the upliftment of the economically challenged has never wavered. In fact, we have enhanced our efforts on these fronts by providing support to these economically weaker students. Over the years, we have been able to conduct a school audit to streamline procedures and overall pedagogy as well as organise extra classes, with healthy meals, for the weaker sections who are enrolled in the school.

In addition, we continue to improve the facilities and infrastructure of the school including new furnishings in the classrooms, better equipment in our labs, and improved sporting facilities. None of this would be possible without the generous contributions of our alumni organizations.

With the formation of the USCAF, it is our hope and expectation that we will be able to use the funds contributed to not only continue the good work we are pursuing, but expand our school's presence within the Delhi community.

I thank you for your generosity and wish you the best as Ambassadors of St. Columba's School in the United States.

Warm Regards,

Br. Robert Fernandes
